SYED ABDUL RAFAY ALI

Karachi, Sindh, Pakistan — rafay8924@gmail.com — +92-312-1255002
linkedin.com/in/syed-abdul-rafay-ali — Portfolio

PROFESSIONAL SUMMARY

Detail-oriented Software Engineer with experience building scalable web applications using the MERN stack. Proficient in full-stack development, database design, and API integration, with a focus on clean, maintainable code. Passionate about integrating AI and machine learning to develop intelligent, impactful software solutions. Actively seeking internship or full-time opportunities in software development and engineering roles.

EDUCATION

Sir Syed University of Engineering & Technology (SSUET) Karachi, Pakistan
Bachelor of Software Engineering Expected Graduation: 2027
Relevant Coursework: Data Structures, Algorithms, Database Systems, Software Design Patterns, Web Development , Artificial Intelligence

Government Delhi College Karachi, Pakistan
Intermediate in Pre- Engineering 2021-2023

All Saints School Karachi, Pakistan
Matriculation in Science 2019-2021

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), Python, SQL, HTML5, CSS3, TypeScript
- **Frontend:** React.js, Tailwind CSS, Responsive Design, RESTful API Integration, WebSockets
- **Backend:** Node.js, Express.js, RESTful APIs, Authentication (JWT, OAuth), WebSocket Implementation
- **Databases:** MongoDB, Database Design, Query Optimization, Data Modeling , MySQL
- **Tools & Technologies:** Git, GitHub, Postman, npm, WordPress, VS Code , Render
- **AI/ML:** Generative AI, Natural Language Processing, AI Integration in Applications
- **Soft Skills:** Problem Solving, Team Collaboration, Code Review, Technical Documentation , Communication skills .

PROFESSIONAL EXPERIENCE

Full Stack Developer September 2025 – November 2025
Logics Labs Karachi, Pakistan

Built and deployed multiple production-ready full-stack applications using the MERN stack with high availability and performance.
Developed a full-stack Restaurant POS system using React, Redux, and ASP.NET Core to manage orders, billing, and payments, with RESTful APIs integrated with SQL Server for real-time data handling and secure transactions.
Implemented RESTful APIs and real-time features following best practices for validation, security, and maintainability.
Collaborated in Agile teams through code reviews, pair programming, and timely delivery of features.

Sales and Marketing Specialist June 2025 – August 2025
A-Forward Karachi, Pakistan

Developed data-driven marketing strategies and analyzed customer metrics to optimize sales funnel performance
Enhanced communication and presentation skills through client interactions and stakeholder management.

KEY PROJECTS

Scholar Link Manager — *MongoDB, Express.js, React, Node.js, Tailwind CSS*
Developed an academic management system that helps create conflict-free timetables and automatically generates each teacher's personal schedule based on allotted subjects. Enabled admins to manage data, teachers to plan extra classes, and students to view timetables and notifications.

Car E-Commerce Platform — *MERN Stack, JWT Authentication, Role-Based Access Control*
Developed an end-to-end eCommerce solution featuring a product catalog, shopping cart, secure checkout, and an admin dashboard, while implementing JWT-based authentication and authorization with password hashing and effective session management to ensure application security and data integrity.

TODO-LIST Application — *MongoDB, Express.js, React, Node.js, Tailwind CSS*
Developed a responsive web application for task management, allowing users to add,edit, and track tasks. Implemented using React, Tailwind CSS, and local storage forpersistence.

POS-Restaurant Website — *React, JavaScript, HTML, Tailwind CSS, Redux, ASP.NET / ASP.NET Core (C#), SQL Server, REST APIs, Git*

Developed a full-stack Restaurant POS system using React, Redux, and ASP.NET Core to efficiently manage orders, billing, and payments, while implementing RESTful APIs integrated with SQL Server to support real-time data handling, sales tracking, and secure transaction management.

ADDITIONAL INFORMATION

Interests: Passionate about building and contributing to open-source full-stack projects, exploring scalable web architectures, and integrating emerging technologies into modern web solutions. Enthusiastic about learning new frameworks, optimizing code performance, and collaborating on real-world software challenges.

Languages: English (Fluent), Urdu (Native)
